

Aeries Technology is Great Place To Work® Certified

October 31, 2024

MUMBAI, India, Oct. 31, 2024 (GLOBE NEWSWIRE) -- [Aeries Technology](#), a global professional services and consulting partner, today announced that it has been Great Place To Work® Certified™ in India from October 2024 to October 2025. The award highlights the culture and opportunities Aeries Technology has cultivated for its 1,700 professionals worldwide, specifically in Generative AI-Driven Digital Transformation solutions, Technology Services, and Business Process Management.

Great Place To Work® is the global authority on workplace culture. Since 1992, they have surveyed more than 100 million employees worldwide and used those deep insights to identify trust as the cornerstone of what defines an excellent workplace. Their employee survey platform empowers leaders with the feedback, real-time reporting, and insights they need to make strategic people decisions.

“Our employees are the most critical part of our business at Aeries. They are creative and passionate problem solvers that our clients and executive team trust to transform business outcomes,” said Sudhir Panikassery, CEO of Aeries Technology. “Creating a productive and welcoming environment for our people, whether they are in India or in any of the other global locations of Aeries, is essential to fostering the culture we’ve built – one that delivers business value to our clients and allows Aeries to continue expanding globally.”

Great Place To Work is the global authority on workplace culture. Their mission is to help every place become a great place to work for all. Their recognition is the most coveted and respected in the world for elevating employer brands to attract the right people. Their proprietary methodology and platform enable organizations to truly capture, analyze, and understand the experience of all employees. Our groundbreaking research empowers organizations to build cultures that retain talent and unlock the potential of every employee. Since 1992, their Certification, Best Workplaces™ Lists, and global benchmarks have become the industry standard, built on data from more than 100 million employees in 150 countries around the world.
