

## Aeries Technology and Cority Agree to Establish AI-Driven GCCs

June 30, 2025

New York, New York--(Newsfile Corp. - June 30, 2025) - Aeries Technology, Inc. (NASDAQ: AERT), a global leader in AI-enabled value creation, business transformation, and Global Capability Center (GCC) delivery for private equity portfolio companies, today announced a Letter of Intent with Cority, a leading SaaS platform developer providing environment, health, safety, quality and sustainability solutions, under which Aeries will undertake preliminary efforts to establish AI-driven GCCs in India and Mexico to support Cority's innovation and efficiency goals.

The GCCs are designed to accelerate Cority's market expansion and next phase of growth. Initially focused on core business functions, the centers will expand their capabilities as the company scales.

"We're proud to partner with Cority to accelerate its value creation journey and support its strategic growth initiatives," said Ajay Khare, Chief Executive Officer of Aeries Technology. "Our AI-driven GCC model is built to deliver scalable, high-impact outcomes for innovative companies like Cority."

"Partnering with Aeries enables us to scale efficiently while strengthening the operational foundation for our global growth," said Sukaran Mehta, Chief Financial Officer of Cority. "The GCCs will enhance our agility, provide access to top talent, and support our long-term value creation goals."

Aeries and Cority expect to execute definitive agreements in the coming months.
